<Description> The title of my show is called **"Eternal Longing"**.

It contains many negative emotions (loneliness, loss, conflict, sadness etc). But at the same time we might be able to make sure about our current happiness. I'm focusing on these feelings which everyone has.

My main piece is called **"Letter"**. It's a harmonious piece between dance, hand balancing and magic. A man is waiting for a letter every day. It's the letter from his valuable person. Depending on the audience, the valuable person would change. When the letter reaches him, it will remind them of their own valuable person.

In addition there is an artistic hand balancing act with handstand canes, which is called **"I'm still flying..."**. The theme is the conflict of distance with his valuable person.

My show consists of some pieces which include the two above pieces.

My style is based on contemporary dance, jazz dance, ballet, street dance, acrobatics (especially Handbalancing) etc.

Playing times: Max 4 times × 11-25 minutes

Playing area: Min 4.5 m x 4.5 m x 4.5 m. A flat floor is an important element.

I prefer having a wall or something like that behind my show space.
