### <Description of the performance>

My main piece is called "Letter". It's a dance piece with magic. A man is waiting for a letter every day... It's the letter from his valuable person. Depending on the audience the valuable person would change... When the letter reaches him, it would remind them of their own valuable person...

And I have a hand balancing act with handstand canes. It includes one-arm handstand. It's an artistic and funny act.

In addition there are also some dance pieces which are based on contemporary dance, Jazz dance, ballet and street dance etc.
